Federal law requires
Institutional Animal Care & Use Committee
review and prior approval
for all use of vertebrates in teaching and research.
Regulatory Agencies

- U.S. Department of Agriculture (USDA)
  Animal Welfare Act (AWA)

- Public Health Service (PHS)
  Office of Laboratory Animal Welfare (OLAW)
Animals Covered by the Regulations

- USDA-AWA: Any live or dead warm-blooded animals used in research, experimentation, teaching, or testing, except rats, mice, birds used in research. *(9 CFR 1.1)*

- PHS-OLAW: Any live, vertebrate animal used or intended for use in research, research training, experimentation, or biological testing or for related purposes. *(Policy III.A.)*

- Vertebrates include, without limitation, all fish, birds, amphibians, reptiles, and mammals.
Animal Care Committee (IACUC)

- Shall review and approve, require modifications in or withhold approval of protocols or proposed changes in ongoing activities
- Has authority to suspend any activity involving animals
- Reviews and investigates allegations of noncompliance
- Makes recommendations to the Institutional Official regarding any aspect of the institution's animal program, facilities, or personnel training
- Conducts continuing review of protocol activities at least annually
- Inspects animal facilities and laboratories at least semiannually
